

# WYOMING

## CUSTOMER NOTICE

Pursuant to Wyoming Public Service Commission Rule Chapter 3, Section 2(b), Montana-Dakota would like to inform you of a change in service related to the source of the Company's gas supply. As a result of these supply source changes, the "Wobbe Index"\* of the gas Montana-Dakota delivers to your home or business may have changed more than 4%. If you have concerns this change may be affecting your gas appliance(s), please call Montana-Dakota at 1-800-638-3278 to discuss the changes and next steps, which may include an inspection and/or adjustment of your natural gas appliance(s), at no cost to you, to ensure your appliance settings match the heating value of the gas Montana-Dakota is supplying.

*\*The Wobbe Index is used as an indicator of the heating value and interchangeability of fuel gases. It is calculated by dividing the heating value of the gas delivered to your area by the square root of the specific gravity of the gas delivered to your area.*
